MAPAL donates 10,000 euros to the region

Social commitment to therapy projects and the hospice

MAPAL did not give gifts to customers and business partners at the turn of the year 2018/19. As in previous years, the company is instead supporting social organisations that help people in difficult life situations. President of the MAPAL Group, Dr Jochen Kress, handed over two donation cheques for a total of 10,000 euros in January. One of the recipients is the Aalen-based association Aufwind, which will use the donated 5,000 euros for therapy projects on the Aufwind farm. A second donation of 5,000 euros went to the Maja Fischer Hospice in Aalen-Ebnat. The hospice depends on money from the region. This is because, according to a legal requirement, the institution must generate five per cent of its annual expenditure from donations. "This is why we're delighted with the support from MAPAL," thanked hospice manager, Helga Schmid.
